JUAREZ CONDITIONS CHANGE

RAIN FALLS AND CARD IS RIDDLED BY WITHDRAWALS FROM RACES.

Fourth Race Suffers to Such an Extent That It Is Declared Off—One Favorite Included Among Day's Winners.

El Paso, Tex., March 2.—It was a rainy day here and the attractive card which Racing Secretary Jasper had provided was riddled by scratches. The fourth race, which was to have served as the day's feature, suffered to such an extent that it became necessary to declare it off altogether. No substitute was provided.

The track was muddy on the surface as a result of the rain, but remained in good condition underneath, so fairly good time was recorded. The day's results were generally formful, although only one favorite was included in the list of winners that one being Bonanza, which ruled at odds-on for the second race.

A. B. Spreckels' Shaban made a show of her opposition in the race for two-year-olds, with which the day's program began.

Dismiss was never headed in the third, for which Katharine G. ruled first choice. Casaba beat the favorite for second money. Thistle Belle went to the post first choice for the following race, but retired after following Judge Gheens most closely for a time and the latter scored by a small margin over Hard Ball. Asa Herndon beat Colonel McDougall, favorite, for the closing dash.

It was a disagreeable day at the track. The rain fell incessantly and a heavy cloud of fog enveloped the course, which is something unusual for this locality at this time of the year. In spite of it all, the cattlemen attended in large numbers, there being no other form of outdoor amusement.

Jockey McCabe was suspended for five days for disobedience at the post in the first race.

EUROPEAN WAR DEVELOPMENTS.

The highest importance is attached by the Russian military authorities to the German defeat at Przasnyz. It is asserted that the Germans' hope of success during the operations of the last fortnight along the northern front was based on their confidence in breaking the Russian line at Przasnyz. This attempt by the Germans to strengthen the position of their left wing, which was an important part of their plan for a gigantic encompassing movement extending from Augustowo to eastern Galicia, is said by the Russian leaders to have failed definitely. The Russians assert that the retirement of the Germans in the north is more precipitate and disorderly than any previous retreat in that theater of the war. It is stated that the Germans have abandoned large numbers of heavy and light guns and have even left behind slightly wounded soldiers in an effort to execute a hasty retreat. This condition of affairs, according to the Russian viewpoint, assumes added significance from the fact that the Germans are said to have employed some of their best troops in this fighting. The reported German plan for undertaking a siege of Grodno now would appear to be venturesome, with the Russians advancing along the left bank of the river Niemen toward East Prussia and endangering the position of the German left flank. The claim is made at Petrograd that all the German troops which recently crossed the Niemen have again been forced back to the other bank.

A statement of the British premier in the house of commons gave details in regard to the huge war credit needed. It revealed that the cost of the first eight months was $1,810,000,000. The third credit, voted Monday, was for $185,000,000 to balance the expenditures thus far. This was followed by the voting of the credit of $1,250,000,000 for the next period. The premier pointed out that on April 1 the war would have lasted 240 days, with an average expenditure of $7,500,000 daily. Of the total $140,000,000 represented advances for war expenditures of the dominions and the crown colonies, in addition to which there had been advanced $5,000,000 to Belgium and $2,000,000 to Serbia. "Further advances to these allies are in contemplation," the premier continued. "It is probably within the mark to say that by April 1 we shall be spending roughly $10,000,000 daily above the normal."

Bombardment of the inner forts of the Dardanelles was resumed says an Athens dispatch to the Havas agency. A Russian admiral, delegated to attend a council of admirals, has joined the allied fleet in the straits, making the trip by way of Dedeaghatch, a seaport of Bulgaria and terminus of the railway line from Adrianople and Saloniki. A dispatch from Saloniki says that mines and submarines destined for the defense of Dedeaghatch have arrived at that port. According to the Havas dispatch, fire from the guns of the allied fleet has destroyed the batteries of Kalid Bahr and Fort Sultanie (Chanak Kaleski), which guard the entrance to the narrowest part of the straits. Information from Mitylene and Tenedos is to the effect that over 100.00 Turks have been posted along the coast of the Gallipoli peninsula near the Sea of Marmora, about 130 miles from Constantinople. The Paris Temps asserts that an agreement has been reached between France, Great Britain and Russia regarding the future status of the Dardanelles, which will give Russia free passage of the straits.

The United States, in reply to the note received from Great Britain and France, will send a note inquiring what means will be taken in carrying out the policy of holding up supplies being carried to and from Germany. Presdent Wilson told callers that the British-French note outlined in general terms a policy, but did not define the means of carrying it into effect. President Wilson refused to discuss the subject in detail, but said that no nation has the right to change the rules of warfare because the methods of war have changed. He indicated that the United States will not change its previously announced position, but will continue to make efforts to have the belligerents respect American shipping of a noncontraband character.

The following official communication was issued at Vienna: "Successful battles have been fought in the western sector of the Carpathian front. Several Russian positions were captured and nineteen officers, 2,000 men, and much war material were taken. In the region south of the Dniester river the Russians have been reinforced and stubborn battles are proceeding. All attacks on our positions have been repelled with heavy losses to the enemy."

The destruction of a German submarine when it was rammed by the steamer Thordis off Beachy Head is reported by the captain of the seamer which has just arrived at Weymouth, Eng. "We sighted the submarine when it was forty yards away," the captain declared. "It fired a torpedo which missed us by a few feet. Then we put the helm hard to starboard and rammed the periscope. There was a crash and we saw nothing more of the submarine."

Consul General Skinner at London cabled the State Department that the British admiralty had issued a statement warning mariners that navigation is forbidden entirely to all ships in practically the whole area of the Irish Channel. The admiralty also has decreed that all traffic wishing to proceed through the North Channel hereafter must pass southward of Ralpin Island between sunset and sunrise.

In its reply to the American note concerning the German naval war zone, the German government agrees that, under certain conditions, its submarines will halt and investigate merchantmen, and will proceed against only such vessels as are found to be carrying contraband or are owned by nations hostile to Germany.

Bucharest sends out a report that the Russians are preparing to resume the offensive in the fighting around Czernowitz. They already have forced the Austrians to withdraw nearly two miles from the town. Fresh Russian artillery is arriving at Povosielica, on the extreme northern Roumanian frontier.

The agent of an Italian maritime company, who dis-embarked at Jeddah, Arabia, to deliver correspondence to the Italian consul, was arrested by the Turkish authorities who seized the correspondence. The Italian government has sent a demand for satisfaction to Constantinople.

Germany's acceptance of the proposals made in the United States note regarding food supplies and the war zone is based upon the condition that Great Britain shall make similar concessions, says a Berlin dispatch to the Amsterdam Telegraaf.

Premier Radoslavoff has sent an identical note to the Austrian, Russian and Serbian embassies, protesting against the damage done by mines planted in the Danube and which have been washed against Bulgarian territory bordering on the river.

In the Champagne district of France, fighting is at close range. Close to 125,000 men have been engaged there in the past week's fighting for trenches. The German lines in the Woevre district, north of Pont-a-Mousson, have been forced back about a mile.

The Berliner Tageblatt says the war committee on foodstuffs has urged the government to appropriate and distribute potatoes with a view of removing the great shortage at many places.

The Germans are said to be preparing for another Calais attack.

THE BILLINGS-JOHNSON THOROUGHBREDS.

After being closely interested in thoroughbred racing during the season of 1914 Frederick Johnson and C. K. G. Billings have registered with the Jockey Club a partnership in thirteen horses, to be run in the name of either partner as entered. Eight of this number are two-year-olds, four three-year-olds and the other a four-year-old.

Of the older members of the establishment Lampoon and Top o' th' Morning, both three-year-olds, appear to be performers of considerable class. The first named, a bay son of Golden Maxim and Ridicule, faced the barrier five times last year, and was unplaced only once. This was on his initial appearance under silks at Belmont Park on Decoration Day, when he finished fourth to some smart youngsters. He followed this effort by taking third place in the Piping Rock Grab Bag Handicap, being defeated two heads after losing much ground on the stretch turn. On the opening day at Aqueduct he finished second to Gaelic and in his next start he graduated from the maiden class impressively, defeating a good lot of juveniles. His last appearance of the year was in the Great American Stakes at Aqueduct when he took second place behind Lady Barbary. At the close of the Aqueduct meeting he was shipped to Saratoga and thrown out of training during August.

Top o' th' Morning, a speedy chestnut colt by Peep o' Day, out of Lady Balgowan, started four times during 1914. He made his first appearance at Belmont Park early in June after many fast trials, but showed none of his early morning form. He was then laid up until the Saratoga meeting, and on his first start at the Spa showed a good turn of speed but finished unplaced. He was apparently a trifle short. Following this he was unplaced in the Hopeful after being one of the early pacemakers. His last start was the best race of his career. In this effort he finished a bang-up second to Trial by Jury in the Grab Bag Haddicap. Back of him at the finish were such juveniles as Comely, Charter Maid, Luke and Pixy.

With the above-named pair Messrs. Johnson and Billings hope to account for some of the three-year-old stakes of 1915, and with this end in view they will be named in all the stakes for racers of their age that will be decided in New York state.

The remaining three-year-olds of the stable are Golden Plume and Roly, and little line may be had on their ability, for each has started only twice. On Golden Plume's second appearance under colors in the Grab Bag Handicap at Piping Rock he was thrown, and this necessitated his retirement for the year. Roly was unplaced in his initial start, and third in his next appearance.

Numerically the two-year-olds are the strongest part of the stable, but little light on their true ability can be had as yet. The star of the juvenile division is The Joker, a brown colt by King James out of Ridicule, and so a half-brother to Lampoon. This youngster was purchased at the sale of the Oxnard yearlings last summer by Frederick Johnson for $1,900, and will sport silk in many of the prominent two-year-old events during 1915.

The second highest-priced youngster in the string is Flag Day, a handsome bay colt by Peep o' Day and Vic Kinney, for which $1,500 was paid at the Barbee sale. The only other two-year-old colt in the stable is Walloon, a son of Golden Maxim and Hesione.

Of the five fillies, Helping Hand and Virginia M. are best fancied by the stable connections. The last-named is a daughter of Peter Quince and Amy J. and a sister to that good performer, Luke. As a two-year-old last season Luke was considered the fastest youngster in the West, though handicapped by the loss of one eye. He has several good stake victories to his credit. Should his sister show any of his form she will be able to hold her own with the best. Helping Hand is also by Peter Quince, her dam being Sister Juliet. She is a half-sister to Ancon, a selling plater who has been a frequent winner during the past two years.

The other three misses are Kings Oaks, a bay filly by King James out of Belle of Oakly; Margery, a chestnut filly by King James out of Marjoram, and Intricate, a bay filly by Hastings and Involved.

The thoroughbreds are at present housed at Belmont Park under the capable handling of J. P. Mayberry, who has been associated with Mr. Johnson in this capacity for a number of years. Within a short time, however, they will be shipped South and prepared for the coming season.

As yet the stable has made no announcement as to the selection of a jockey. J. Glass, who was under contract to the stable last year, was set down during the Saratoga meeting, and it is extremely doubtful if he will be seen in the saddle for some time.—New York Telegraph.

AN IMPROVEMENT FOR THE MUTUELS.

Another new device was added to the electric totalizator at the recently-concluded Auckland, N. Z., summer meeting, in the form of a magazine for automatically stamping the tickets, and at the same time recording the investment on the machine. The arrangement is such that a given number of tickets are placed in receptacles provided for the purpose and locked up in the magazine in readiness for each race. The clerk has in front of him a series of numbered buttons, and all that he has to do when asked for a ticket is to press the button bearing the corresponding number, and by this one action the ticket is recorded, stamped and ejected on the counter in front of him.

HORSES AT WORK AT LEXINGTON.

Lexington, Ky., March 2.—The Kentucky association course this morning was alive with horses at exercise. No attempt was made to display speed, the fastest move noted by the work watchers being three-quarters in 1:30 by Senator Camden's Luke, a candidate for the Kentucky and Latonia Derbys.

Col. Alex Labold, of Cincinnati, was a visitor at the track, as was trainer Charles H. Hughes, who came over last night from Louisville.

Robert L. Baker returned from Hot Springs and considers it certain that a meeting will be given at Oaklawn Park. He says the people at Hot Springs are strong for a revival of the sport.

CUBANS LIBERALLY PATRONIZING RACING AT ORIENTAL PARK

Havana, Cuba, March 2.—These are gala days at Oriental Park, Havana's new half-million dollar home of the thoroughbred. With the track fast, the daily attendance runs to large proportions. The elite of Havana society daily are to be found in grandstand and clubhouse, and tourists from the four quarters of the world are now frequenting the Marianao course. The program frequently contains some peculiar feature designed by General Manager H. D. Brown to appeal to the inherent love of the Cubans for the spectacular in out-of-door sports. All such occasions have been marked with great success. Military races, novelty races, gentlemen's races, mule races with negro riders and other novel features have been carded as additional features, and the mercurial Havana populace finds itself with novelties in which to take delight as fast as they can be provided.

More than would be expected, the military element of the little island is ardently interested in thoroughbred development. Many of the high officers of the Cuban army, such as Colonel Pujol, commandant of the Matanzas province forces; Captain Vila, at Camp Columbia, and Lieut. Julio Cadenas, of the Third Cuban cavalry, are West Point men, and they have the encouragement of the service for the promotion of high-class equine development. Recognizing in racing the only means to this end, they are daily and enthusiastic visitors at Oriental Park. Each time a military race has been carded, the field has numbered ten or more. Major Wittenmyer, military attache of the United States legation, is also lending his aid in interesting the Cuban army officials in the practical side of thoroughbred racing.

Another potent factor in the popularity of racing here lies in the Acera de Louvre, an aristocratic organization of the socially elect, most of whom ride their own horses to and from the races. Major Jose d'Estrampes, leader of the majority in the Cuban congress, is president of the Acera, and has donated a valuable trophy to be raced for by members riding their own horses.

Arrivals from New Orleans were amazed at the extent of the sport here, and the volume of speculation. It may be news to those in the United States who are watching the progress of the sport in Havana to learn that the daily average of the mutuel takings since the meeting began has been $25,000, with double that amount wagered in the machines on the big days. There are now fourteen layers in line, including the additions of William J. Torpy, A. C. Bluhme and Peter McGrath. Claude L. Jones and his son, Richard, are also recent accessions to the layers' ranks, having come from New Orleans. The stables of J. R. Marquette, Jr., and J. S. McBride are newcomers, respectively, from New Orleans and Juarez.

It is expected that the Jack Johnson-Jess Willard championship match will take place at Havana, instead of at Juarez, as was originally intended. The champion himself is here, and is a daily visitor at the races. He brought word from Europe that C. E. (Boots) Durnell, whom he visited in Bucharest, Roumania, is the most fortunately situated of any of the American turfmen in Europe.

Thomas E. Cooke, formerly foreman for the stable of William K. Vanderbilt in France, and steeplechase jockey Frank Vititoe are recent newcomers from Europe. Cooke is racing a stable of his own, while Vititoe is preparing some of the horses in J. W. Hedrick's stable for steeplechasing. This will be the first experiment of the latter with jumpers. Another prominent owner here who will be a factor through the field next summer is H. G. Bedwell, who has been schooling Lochiel and Runway over the jumps.

The stewards here announced early in the meeting that rough riding on the part of any of the boys would not be tolerated. The warning should have been taken at its face value, but it was not. The return of the track to fast shape, and the probability of accidents during the running of the races being reduced to a minimum, forced action by them. Jockeys Dreyer and Obert were early offenders, and Obert's suspension for the remainder of the meeting came after repeated warnings by Messrs. McDowell, Lansdale and Brady. The drastic action in these cases will have a salutary effect from now on.

The two-year-olds at Oriental Park are a husky-looking, good-acting and well-turned lot. The work-watchers declare that Bernice, a black filly by Joe Carey—Bonnie Lissak, is the best in the California stable of H. O. Comstock, though he has seven that can run fast. William Walker, in addition to three of the get of his own meritorius horse, Stanley Fay, has another likely one in Larkin, a chestnut brother to Workbox. H. G. Bedwell's main dependence in future two-year-old stakes will lie between Eddie T., a green-running son of Golden Maxim—Maid of Promise, and a filly that many believe will be one of the stars of the year. She is by King James—Smirr, and therefore highly-bred.

Claude L. Jones, member of the Chicago syndicate of Smith, Jones and Colby, made some interesting announcements at Oriental Park. His firm has obtained the ring privileges at King Edward Park track and Dorval Park in Montreal, Connaught Park in Ottawa and the Hamilton, Ont., course. Joseph A. Murphy, who has been managing the meetings at King Edward Park recently, will be succeeded by P. A. Brady. The dates for the two meetings at that track are July 10 to July 17 and August 7 to August 14.

NOW UP TO THE GOVERNOR

ARKANSAS LEGISLATURE COMPLETES PASSAGE OF SAWYER RACING BILL.

Final Vote in Lower House on Measure as Amended Is 46 to 45 and Bill Is Sent to Governor Hayes for Approval.

Little Rock, Ark., March 2.—The Sawyer racing bill as amended by the senate was passed today by the house of representatives by a vote of 46 to 45. The measure creates a racing commission of three members and legalizes betting by means of parimutuel machines. The bill now goes to Governor Hayes.

In the event that he approves it, the next step will be appointment of the racing commissioners.

The business interests of Hot Springs, it is understood, are anxious for the immediate appointment of the commission, so that a meeting may be held there beginning March 17.

New Orleans, La., March 2.—There was considerable elation among the horsemen and followers of the turf here today when it became known that the Sawyer bill, restoring racing at Hot Springs, had finally passed both branches of the Arkansas legislature. Abont 100 horsemen, having in the neighborhood of 300 horses, have patiently been waiting favorable news from Hot Springs with the intention of shipping there as soon as plans for a meeting are announced.

The bill now awaiting the governor's signature carries with it the adjunct of mutuel betting. It is expected that the racing commission of three members will be named at once by the chief executive, who, it is thought, will promptly sign the bill when it reaches him.

The plans of the Hot Springs people are expected to be announced here soon, when horsemen will be fully informed as to the duration of the proposed meeting at Oaklawn, the officials who will have the racing in charge and on other matters such as the amount of purses, etc. It is thought that the mutuel machines can be installed in a brief time. The belief prevails that they will be transferred from Latonia. Arrangements are now under way to ship the large number of horses at the Fair Grounds to Hot Springs by special traiin.

There will be no dearth of jockeys, for most of the riders who took part in the Fair Grounds racing will go to Hot Springs and remain there at least until April 1, when Bowie, Md., meeting is to begin.

NOTES OF THE TURF.

At a recent meeting at Gatwick (Eng.), all the jockeys gave their riding fees to the Blue Cross Society, whose mission is to alleviate the sufferings of horses wounded in the war.

A bill to suppress bookmaking in Tasmania has passed the Legislative Council, and has been forwarded to the Assembly. The totalisator will furnish the means of speculation.

The death of W. Showalter's broodmare Elise, dam of Workbox and other winners, is reported from Georgetown, Ky. Elise was foaled at Belle Mead stud in 1892 and was by Glenelg—Pride, by Virgil.

There were only seven runners for the recent King-Emperor's Cup at Calcutta, and the race was considered such a certainty for Kempion that he started at 4 to 1 "on," Arthur B. being next at 6's, then Le Soliel at 8 to 1, and Cider, Volsloane, Lumination, and Shining Way each at 15 to 1. Kempion quickly established a long lead, but Arthur B., Cider, and Le Soliel had him settled before the last furlong was entered upon, and Arthur B. won.

Word comes from Juarez that Jockey Charley Garrigan, who piloted Nasturtium to his maiden victory for A. L. Aste in the days before that sportsman sold the son of Watercress and Margerique to Mr. Whitney, is slowly regaining his health in a sanitarium there. Garrigan returned to this country about six weeks ago after eleven years' absence in Europe, and went to Juarez. He was stricken with pleuro-pneumonia upon arrival at El Paso and for a time his life was despaired of.

The Calcutta Turf Club abandoned the Tollygunge course this season in order to save expense. It was there the steeplechases were formerly run, but this time a track was prepared in the center of the Calcutta course, with brush obstacles, and on this the usual Tollygunge events were brought off, the change of venue being appreciated by racegoers generally. Despite the absence on duty of most of its military supporters, racing was expected to go on much the same as usual in India during the current season.

ANSWERS TO QUERIES.

Communications without names and addresses will not be noticed nor answered. No answers will be sent by mail and none by wire unless reply prepayment is made at time of wiring query.

W. H. C., Chicago. Brando's last previous race was at Juarez January 15, race No. 18990.

Wm. S., Brookfield, Mo. It is said racing will begin at Hot Springs March 17, provided the governor of Arkansas signs the racing bill passed by the legislature of that state.

C. E. T., Louisville, Ky. "What the Running Horses Did" is published annually in the American Racing Manual issued at this office. Old Rosebud's pedigree was published in Daily Racing Form of March 2.

E. W. V., Louisville, Ky. One cannot lose under ordinary conditions in the mutuels when a dead heat occurs, but can easily lose in bookmaking if he has backed a dead heater that was at odds-on in the betting. Thus, if he had bet $5 at say 3 to 5 he would receive $4 back as his half of $8.

R. D., Windsor, Ont. In the race he won at Windsor, August 19, 1914, Okemus defeated Harry Bassett II., Maiden Bradley, Hampton Dame, Last Spark, John Thompson and Photographer II. The horses that finished in front of him in his next race were Margaret D., Stalwart Helen, Goldcrest Boy and Dr. Larrick.

KILLS RACING IN MONTANA.

Helena, Mont., March 2.—Racing with betting in Montana was killed today, when the senate, by a vote of 30 to 8, passed the Hayes bill, which provides for the abolition of all betting in connection with racing. This bill had previously been passed by the house and now goes to the governor for his signature. Inasmuch as the governor recommended such legislation in his message to the legislature, it is a foregone conclusion that he will approve the bill.

GENERAL NEWS NOTES OF THE DAY.

An attempt to blow up St. Patrick's cathedral in New York with a bomb and the arrest of two men by detectives who had been informed for months of their activities, was followed by an announcement made at police headquarters that the arrests had thwarted an anarchist plot to kill with bombs Andrew Carnegie, John D. Rockefeller, John D. Rockefeller, Jr., and other wealthy men. Thereafter the anarchists, according to the police, were to start in New York City a reign of terror comparable only to the days of the French revolution. It was part of the plot, the police assert, for gangs of men armed with rifles and revolvers to appear simultaneously in various parts of the city to shoot and to pillage; the biggest banks of New York City were to be blown up and many wealthy men were to be slain.

The Hamburg-American line and five men, one of whom formerly held high offices under the German government, were indicted by the federal grand jury at New York. They are charged with having conspired to defraud the United States government through false statements, false clearances of vessels from American ports and false manifests of cargoes, with the intent of having the vessels proceed to places other than those mentioned in the clearance papers and there deliver supplies to ships belonging to a foreign government. The indictments grow out of supplies of coal alleged to have been furnished German cruisers in the Atlantic.

Internal dissension and political unrest are increasing in Portugal, according to a special dispatch from Madrid. The directorate of the Portuguese republican party is said to have decided at a meeting held at Lisbon to institute court proceedings against cabinet ministers on charges of violating the constitution. An appeal also was made to republican committees urging them to issue manifestos "against the dictatorship exercised by the government." Royalist party agitations are reported to be increasing in importance, while clashes between troops and citizens are becoming more frequent.

The allies' plan to prevent trade with Germany as officially communicated to the United States, has been laid before President Wilson and the whole matter was the subject for deliberation at yesterday's cabinet meeting. It was considered virtually certain in official circles that a vigorous protest would be made against what was regarded as an unprecedented step and one calculated to work irreparable harm to commerce between the United States and the nations with which she is at peace.

General Carranza issued an order suspending indefinitely all regular traffic on the railroad between Vera Cruz and Mexico City. Consul Canada reported from Vera Cruz that the line will be used exclusively for military purposes by the Carranza government.

President Wilson announced definitely that he has abandoned plans for an extra session of the senate immediately after March 4 and has not seriously considered the suggestion of a special session of congress in October.

Seven Republican and three Democratic mayors were chosen in the Maine municipal elections. In Auburn, where the Progressives sought to retain control, the Republicans elected Henry R. Porter mayor.

A physicians' bulletin says that Mme. Bernhardt is suffering from an attack of an indisposition to which she has long been subject and not connected with the recent amputation of her leg.

The shipbuilding strike in the great ship yards on the Clyde suddenly ended last evening. The men will return to work Thursday.

Dr. Feliciano Viera was elected president of Uraguay.

Winner—Ch. g, by Blues—Miss Van Winkle (trained by C. Timberlake).

Went to post at 4:33. At post 2 minutes. Start good and slow. Won easily; second and third driving. ASA HERNDON, after racing in closest pursuit, moved to the front when his rider was ready in the stretch and won going away. COLONEL McDOUGALL set the pace and ran a good race, but tired in the final drive. LADY MINT ran well and made several challenges for the lead, but could not get up and finally tired. ORBICULATION finished gamely and almost got up for third place. The others were badly outpaced. The winner was entered for $300; no bid.
